SWARM

Social Worker Activity & Referral Module

SWARM is a fully integrated **S**ocial **W**orker **A**ctivity and **R**eferral **M**odule within Infinite Campus. Use SWARM to track teacher concerns, social worker referrals, case notes, activities, group work, and more. Concerns can be sent electronically to social workers who can then decide if a referral is needed. Record activities for individual students, groups, and/or staff members. Easily monitor a student's social worker data using the Student Overview. All this data rolls up for GA state reporting. Your social workers will love this all-in-one tool.

Benefits

- Fully integrated with Infinite Campus
- Real-time social worker referrals and minutes
- Updates student record totals without data entry
- Data automatically rolls up for GA State Reporting

Key Features

Activities Dashboard
Activities for individual students, groups, and/or staff members can also be recorded.

Concerns Dashboard
Concerns can be sent electronically to social workers who can then decide if a referral is needed. Includes the option to send emails as concerns are created.

Referrals Dashboard
Allows social workers to create, manage, and track referrals. Includes the ability to add multiple referral reasons, track actions taken, case notes, and feedback.

Student Overview Dashboard
Social workers can easily monitor a student's social worker data using the Student Overview.

Reports
Helpful reports including Activity, Concern, and Referral Count reports, Student Overview report, and Social Work Overview report.

> We were looking for something that would eliminate pen and paper for our Social Workers and make referrals and reporting for them seamless. Our schools love SWARM and so do our Social Workers. Keeping all the information within Infinite Campus is HUGE and helps make the process easier for everyone. The reports in SWARM are also very detailed and helpful!
