CPI

CERTIFIED/CLASSIFIED STAFF DATA REPORTING TOOL

The CPI tool allows users to manage and verify their CPI staff data directly in Infinite Campus and download a ready-to-send text file required for DOE reporting. By integrating the school district's HR file with District Assignment and Course Master information found within Infinite campus, the need to hand-calculate employee C-records is eliminated, creating a complete CPI file for all staff.

Benefits

- Fully integrated with Infinite Campus
- CPI-C-Record calculates automatically
- CPI information edits directly
- Download finished file to send to DOE, making state reporting a breeze

> " The CPI tool has been very helpful for us. It is user friendly and accurately reports our data to the state. It is a gamechanger that all of our data is being housed in one location so all of the pieces of the state reporting puzzle are all in one place.
