

BTAM

Behavioral Threat Assessment Manager

BTAM is a purpose-built software solution designed to support school districts in conducting, documenting, and managing behavioral threat assessments. BTAM is fully integrated with Infinite Campus. With increasing concern over student safety, BTAM empowers school staff, counselors, administrators, and other staff with the tools they need to identify concerning behaviors early and respond proactively—while staying compliant and organized.

TOP FEATURES

BTAM AND STAFF DASHBOARDS

User-friendly dashboards to create, manage, and monitor BTAM entries.

STAFF CONCERN ENTRY

Staff can submit a concern and details using Staff Concern Entry.

SETTINGS & OPTIONS

BTAM includes many settings and options to fully customize the platform to your districts needs. Choose BTAM teams, data sources, trigger options, notification options, and more.

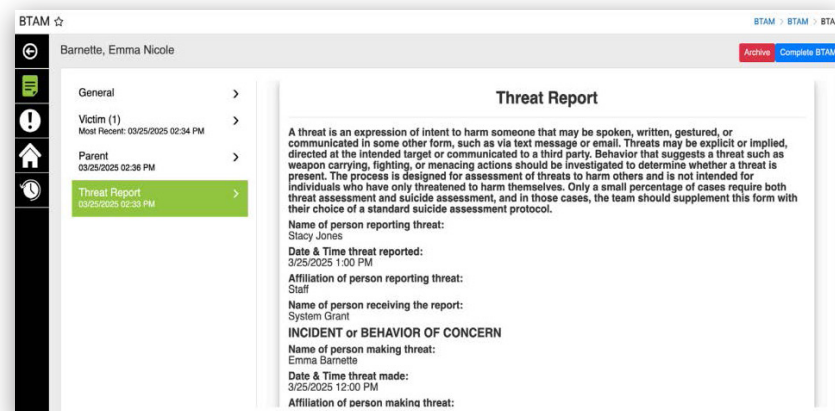

DATA-DRIVEN INSIGHTS

Track patterns and trends across schools and districts with built-in reporting tools.

BENEFITS

- Fully integrated with Infinite Campus
- Helps schools take a preventative, rather than reactive, approach to possible threats
- Reduces documentation errors and ensures consistent procedures across teams
- Eliminates the need for a third-party tracking system or paper documentation

BTAM is developed and maintained by K-12 Solutions Group, a trusted Infinite Campus Channel Partner since 2006.

The screenshot shows the BTAM web application interface. On the left is a sidebar with navigation icons. The main content area displays a 'Threat Report' form for a user named 'Barnette, Emma Nicole'. The form includes sections for 'General' information, 'Victim (1)' details, 'Parent' information, and a 'Threat Report' section. The 'Threat Report' section contains a definition of a threat, a form for the person reporting the threat (Stacy Jones, 3/25/2025 1:00 PM, Staff), and a section for the 'INCIDENT or BEHAVIOR OF CONCERN' (Emma Barnette, 3/25/2025 12:00 PM, Staff).
